LEADERSHIP REPORT

A message from Rebecca!

Hello all and a special welcome to all of the new families in 2024! We have thoroughly enjoyed being back at school and getting to know our new friends.

I'd like to just go through a few key points as a refresh for the beginning of the year:

Accounts - Invoices are emailed weekly and payment of these invoices are required regularly to ensure the continuation of care for your children. Should you experience financial hardship, please speak to leadership to organise payment plans.

School Holidays - Each vacation care block will have its own set of bookings forms to complete. To secure your days, a \$5 per day per child payment as well as completed forms are required to secure your dates.

Sign in - It is a legal requirement for families and caregivers to sign their children in and out of the service. Please make sure you do this upon arrival each time.

Grievances - Please make sure to speak to leadership regarding grievances. There are also grievance forms to complete. Under no circumstances it is acceptable to

address other people's children regarding behavioural incidents.

Family Input - We would love to hear from you! If you have any feedback or ideas to share with us, please do so.

This year we are dedicated to strengthening and improving our relationships with families and our community. Lauren and I are always looking at improving our processes and ensuring we have effective communication with our families is one of them. We believe supporting our families goes hand in hand with providing quality care to children. We are committed to ensuring our practice and environment is supportive and inclusive.

We are looking forward to this year ahead of us. It's always a heart warming experience watching your children grow and develop over time!

Thank you,
Rebecca Musico
OSHC Director

OSHC OFFICE HOURS

A friendly reminder to families to please have a look at our OSHC Office Hours.

As we are such a large service, sometimes it can be a bit tricky providing quality care to children whilst trying to help you with things such as accounts, payments or bookings.

We will be opening our office to help you with such things after 8.45 AM after we have done the morning drop offs, and after 3.45 PM once we have settled our little friends in to the afternoon session.

We are also in the office during the day to help you with any questions, however we do ask that between 3.00 PM and 3.45 PM you hold off on seeking assistance with things such as payments and checking account details as this can be a bit of a wild time getting our kiddies in and fed.

This also ensures that we are giving our full attention and efforts to those who really need it at the time.

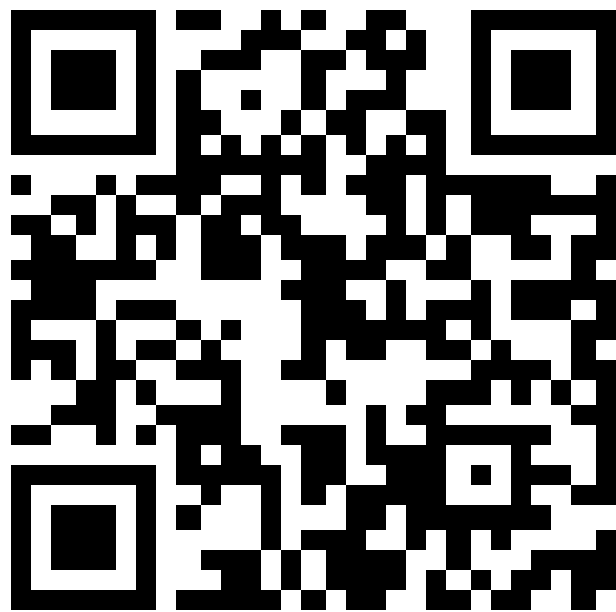

If you can't wait and need to shoot off, that's okay! Send us a message or an email and we can help you with whatever you need when we are done!

Thank you so much for your ongoing support.

BSC after 8:45am

ASC after 3:45pm

TERM FOCUS

Our focus this term....

Educational Program & Practice

Greetings to our wonderful OSHC community!

As we dive into the new term, we're excited to share our renewed commitment to providing enriching educational experiences and fostering a supportive environment for all our children. At the heart of our mission lies a dedication to continually improving our programming and practices to ensure every child thrives in our care.

To kickstart this term, Lauren will be attending a programming expo, seeking fresh ideas, innovative approaches, and best practices to integrate into our curriculum. This expo serves as a valuable opportunity for professional development, empowering us to stay current with educational trends and refine our strategies to better meet the evolving needs of our children.

In our recent meetings, we've delved into critical reflection and the implementation of a robust cycle of planning. By critically evaluating our past practices, identifying areas for improvement, and setting clear goals, we aim to enhance the quality and effectiveness of our educational program. This reflective process ensures that we're continuously learning and adapting, fostering an environment of growth and excellence.

Additionally, we're focusing on updating our transitions and procedures to create a safer and more supportive atmosphere for all children at OSHC. Smooth transitions not only minimize disruptions but also promote a sense of security and belonging among our young people. By fine-tuning our procedures, we're streamlining our sessions and maximizing opportunities for engagement, exploration, and learning.

Our commitment to educational excellence extends beyond the confines of our service; it's a collaborative effort involving our dedicated staff, supportive families, and the broader community. Together, we're creating a nurturing environment where every child feels valued, empowered, and inspired to reach their full potential.

As we embark on this journey of continuous improvement, we invite you to join us in our mission to provide exceptional care and education for our children. Together, let's celebrate the joy of learning, exploration, and growth.

Warm regards,
OSHC Leadership

We are using Seesaw!

We are thrilled to announce that we have implemented Seesaw as a fantastic addition to our Out of School Hours Care program. This innovative platform is helping us establish a stronger bond between the children we care for and their families. With Seesaw, we're able to create a more engaging and transparent way of sharing the enriching experiences your children have in our OSHC program.

Each child enrolled in our OSHC program now enjoys their very own personalized learning journal within the Seesaw application. This journal serves as a dedicated space where we document and celebrate the unique learning experiences of every child under our supervision.

As our children actively participate in a wide range of activities and programs, such as arts and crafts, games, and interactive projects, we take great care in capturing these moments. The documentation includes vibrant photographs that encapsulate the excitement and creativity of these activities, along with reflective insights that provide a deeper understanding of their personal and educational growth.

The magic of Seesaw lies in its accessibility to families. Parents and guardians can easily access their child's learning journal with a few clicks, offering an up-to-date window into their OSHC experiences. You can view the photographs, read the reflections, and gain valuable insights into your child's development and interests. This open and collaborative approach establishes a seamless connection between the OSHC program and home, enabling families to be active participants in their child's growth and development.

With Seesaw, we not only bridge the gap between the OSHC program and home life but also foster a greater appreciation for the valuable learning journey your child is embarking upon. This digital platform has become an essential tool in ensuring that parents and guardians are active partners in their child's OSHC experience, celebrating and cherishing every moment of growth and fun.

Please get in contact with OSHC Leadership if you are experiencing any difficulties accessing the Seesaw platform.

Hats @ OSHC

All children attending OSHC are required to keep a hat in their bag at all times. Whether it's an OSHC hat, a school hat, or a sun smart hat, having a hat readily available is essential for protecting our children from the sun's harmful rays.

In the event that a child arrives without a hat or has misplaced theirs, we will provide them with a freshly washed spare hat that they can keep. These hats have been generously donated by students who no longer attend the service. Rest assured, each spare hat has been thoroughly washed and tumble dried for hygiene purposes.

For new enrolments, we have a limited supply of brand new hats available. These hats will be distributed on a first-come, first-served basis to ensure that every child has adequate sun protection while at OSHC.

We would like to take this opportunity to remind all parents and guardians of our "no hat, play in the shade" policy. This means that children without hats will be encouraged to engage in activities under shaded areas to minimise their exposure to direct sunlight.

It is imperative that children keep their hats in their bags when not in use. This ensures that their hats are easily accessible whenever they are outdoors, helping to reinforce sun safety practices.

We appreciate your cooperation and understanding in implementing these measures. The safety and well-being of our children are of utmost importance, and we believe that these changes will contribute to a safer and more enjoyable environment for all. If you have any questions or concerns regarding the new hat process, please do not hesitate to reach out to us.

Thank you for your continued support.

Seniors Club

We are thrilled to continue an exciting addition to our OSHC program - Seniors Club! Specifically designed for children in years 5 and 6, this club offers a unique opportunity for our older students to engage in activities that promote growth, responsibility, and community involvement.

At Seniors Club, we aim to align our activities with the My Time Our Place outcomes, ensuring that every child has the chance to develop their skills and interests in a safe and supportive environment. Through a variety of engaging experiences, we foster a sense of belonging, well-being, and engagement among our participants.

One of the key aspects of Seniors Club is its focus on instilling responsibility and maturity in our students. By participating in activities such as team building exercises, baking sessions, STEM challenges, and community outreach initiatives, children have the chance to take on leadership roles, make decisions, and contribute positively to their community.

Team building activities encourage cooperation and communication, while baking sessions teach valuable life skills and promote creativity. Engaging in STEM challenges fosters critical thinking and problem-solving abilities, preparing children for future academic and professional endeavours.

Additionally, involvement in community outreach activities allows students to develop empathy and understanding for others, while making a meaningful impact on the world around them.

We believe that Seniors Club offers a holistic approach to after-school care, where children not only have fun but also grow personally and socially. We invite you to encourage your child to join us on this exciting journey of learning, growth, and friendship!

VAC CARE RECAP!

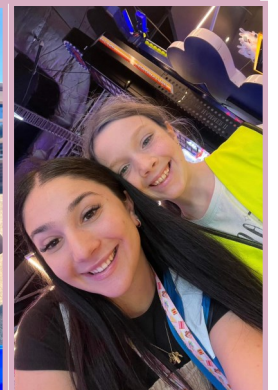

Welcome back everyone! We hope you had an amazing break over the holidays. Let's take a look at all the fun and exciting activities we got up to during the vacation care period. We kicked off our vacation care with a bang at Kidschella! It was a day filled with music, arts, and crafts where our kids got to showcase their talents and creativity. A splash-tastic day was had by all at the Aquatic Centre. Our kids enjoyed swimming and playing in the water, soaking up the summer sun through the glass roof. The older kids had a blast exploring the Adelaide Oval, while the younger ones bounced their way through an inflatable wonderland. We got into the festive spirit with Christmas crafts and our very first OSHC Cinema night. Families joined us for a special screening of a Christmas movie in the gym with popcorn and juice boxes.

Our Christmas Lunch Party was filled with joy, laughter, and delicious treats as we celebrated together before our holiday break. We had a beach-tastic time at the Beachouse, enjoying rides, games, and all the fun of the fair. From arcade games to energetic activities, our kids had a blast at Time Zone and a visit from Move it Body. We turned up the excitement with amusement games during the day and a groovy disco party at night. Thrills and spills were had at Rev It Up Racing, while the younger ones had a whale of a time at Sea Stars Play Cafe.

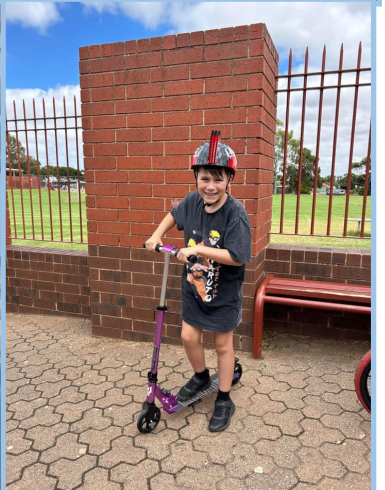

From magical Disney adventures to exciting Pokemon hunts, and from wheely good fun to delicious culinary creations, every day was an adventure! Our sports enthusiasts had a ball at AFL Max, and movie buffs enjoyed a trip to the Odeon Cinemas. Our little adventurers scaled new heights at Funtopia, while our older kids glided and twirled on roller skates. Creativity flowed on Art Attack Day, and we celebrated our unique selves on All About Us Day with a sausage sizzle and refreshing juice boxes.

It's been an incredible vacation care period filled with laughter, learning, and unforgettable memories. We can't wait to see what adventures await us next!
